### *How this was worked out*

- In-network discount: the dentist charged \$260.00 but agreed to accept \$200.00.
- Your \$50.00 yearly deductible was applied first.
- The plan paid 80% of the remaining \$150.00 (fillings are basic care). You pay the other 20%, \$30.00.
- Your deductible is now met for 2026.
